Scratch-resistant, wear-free glass touch screen with LED backlight
- ▶ **Simple operation**
Freely configurable & modern user interface with swipe controls
- ▶ **Expandable**
Extensive options for the connection of back office programs
- ▶ **Secure**
Perfect protection against viruses and manipulation

POS Touch 15 II

FUTURE-PROOF DESIGN

High-quality materials and a lack of fragile components such as fans make the hardware extremely robust and durable. Software updates are offered in the event of legislative changes such as new fiscal requirements.

DATA SECURITY

In the event of a power failure, the POS system will shut down without any loss of data. In addition, the data can be backed up at frequent intervals onto a USB stick.

OUTSTANDING SERVICE

Vectron products are sold via a dense network of specialist trade partners. This guarantees the provision of expert advice, individual solutions and reliable 24/7 service provision* on-site or via our hotline. Remote maintenance options round off the range of services.

SMART MYVECTRON SERVICES

The optional myVectron Services enhance the Vectron POS systems to include reservation and customer loyalty functions, e.g. payment and gift cards, digital stamps and innovative bonus systems. By fully integrating these services into the POS system, it is possible to create your own individual campaigns with a minimum amount of work in a secure manner. Real-time reporting is also possible with myVectron.

BRIEF & CONCISE OVERVIEW

- ▶ 38.1 cm/ 15" screen
- ▶ TFT LCD display
- ▶ Projected capacitive touch screen
- ▶ Operator lock
- ▶ Mixed network of stationary and mobile POS systems possible
